PROJECT PORTFOLIO

Projects 2023 - 2026

An international network of industrial partners coordinated by a team in Portugal.

Study • Development • Production monitoring • Project management

Riva Groupe

GROUP PRESENTATION

Experience

ABOUT US

Introducing the Riva Group

Located in Braga, northern Portugal, the Riva Group benefits from nearly 30 years of experience in developing solutions for different sectors of activity.

With strong technical and operational expertise, the Group is involved in the study, development, coordination and overall management of projects, building on a network of industrial partners in Portugal and internationally.

Our technical teams and engineers support the development and production of our partners to ensure that the specifications, quality requirements and deadlines set for each project are met.

Thanks to its experience in international markets, the Riva Group is able to meet the requirements of projects of different dimensions and complexity. Its numerous achievements and its presence in several markets demonstrate its adaptability, reliability and commitment to quality.

Based on an experienced team and a results-oriented approach, the Riva Group develops solutions tailored to the specific needs of each client, selecting the most appropriate partners and solutions for each project.

Today, the Riva Group continues its national and international development, consolidating its position as a trusted partner in the coordination, management and implementation of professional projects.

PROJECT PORTFOLIO

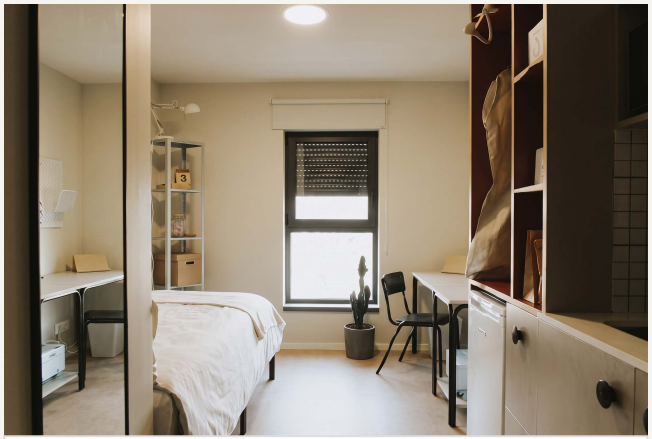

Projects 2023 - 2026

Custom furniture • Professional spaces • Technical environments

Solutions designed for each environment

A selection of residential, professional, institutional and technical achievements.

Accommodation & Residential

Compact furniture, integrated storage and custom fit-up.

Offices & Communities

Work stations, meeting rooms, reception areas and collaborative areas.

Laboratories & health

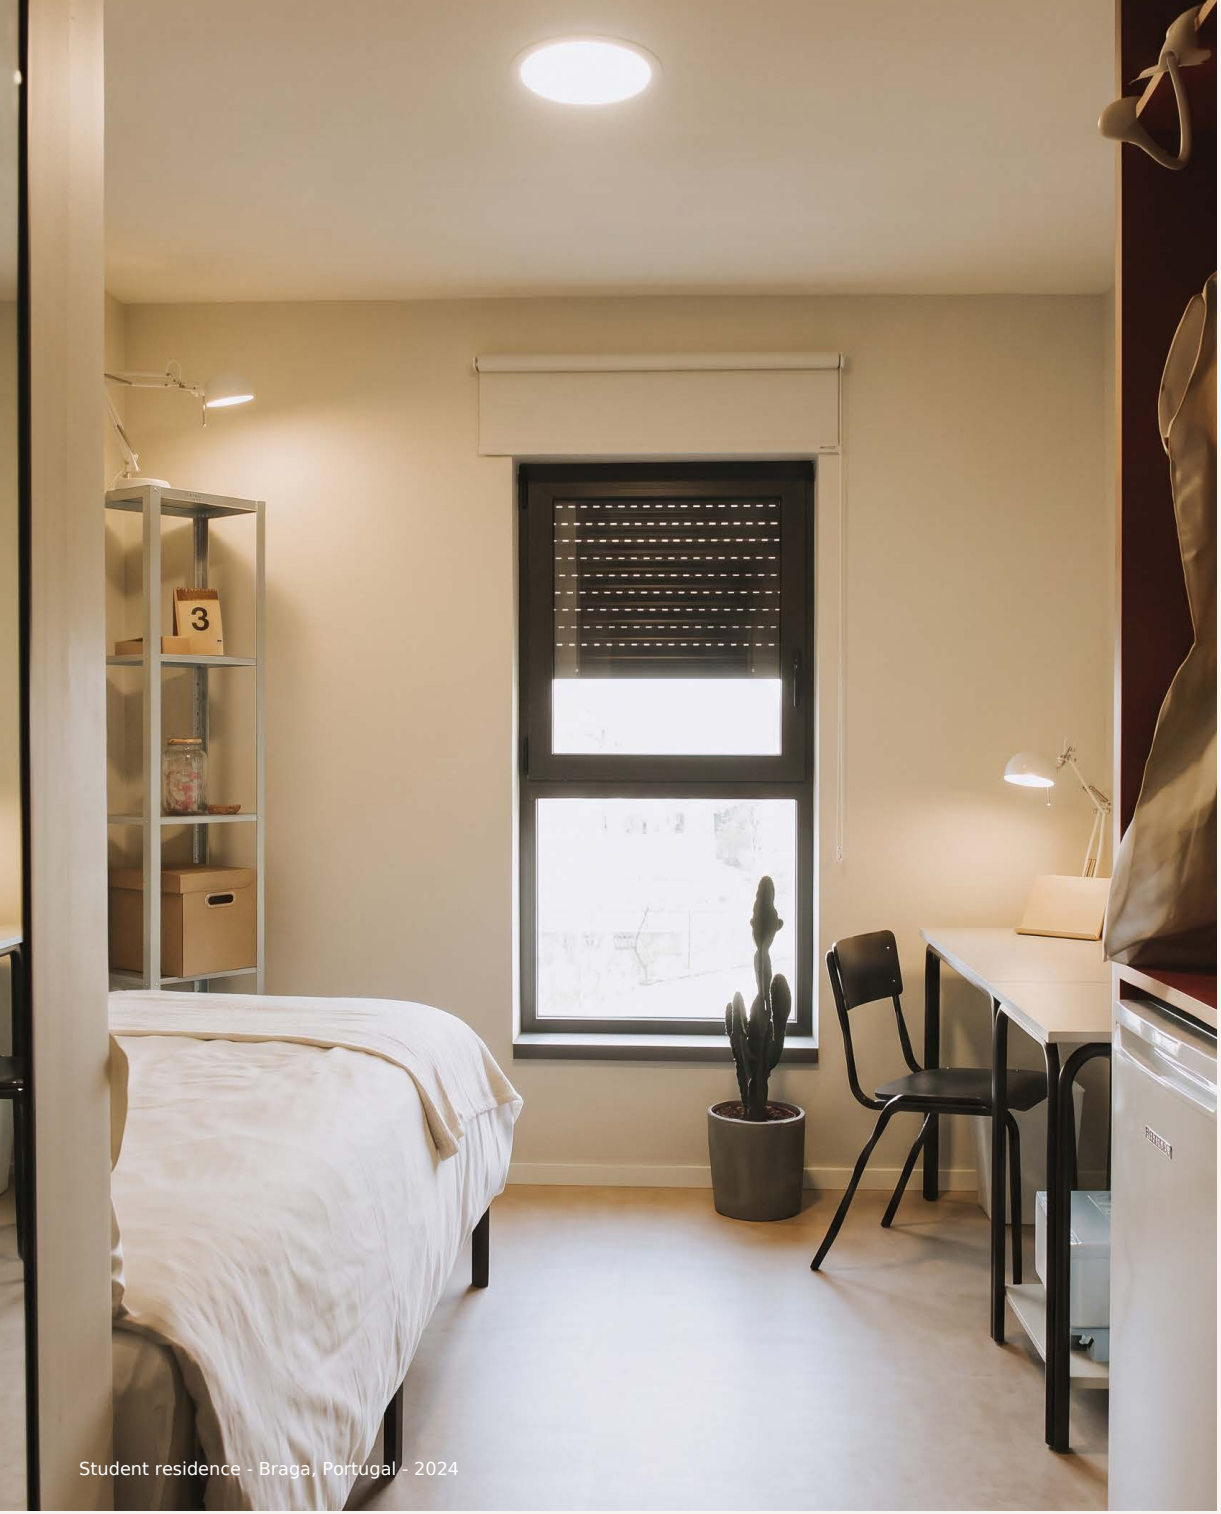

Paillas, washing modules, technical furniture and hospital solutions.

Featured projects

2023	**BNP Paribas - Caen, France**	Offices and outdoor spaces
2024	**Student residence - Braga, Portugal**	Rooms and kitchenettes
2024	**Tourist accommodation - Belgium**	Kitchens, bathrooms and storage
2025	**Portuguese Army - Portugal**	Auditorium, laboratory and accommodation
2026	**Hospital - Union of Comoros**	Hospital and laboratory project in progress

Institutional references submitted

2 022 Foz do Douro Offices 2 023 Germano de Sousa • University of Minho 2024 Mozambique - School 2024 INL • Qatar University 2025 SGS 2026 IST Taguspark (in progress)

Student residence - Braga, Portugal - 2024

HEBERGEMENT

Student residence

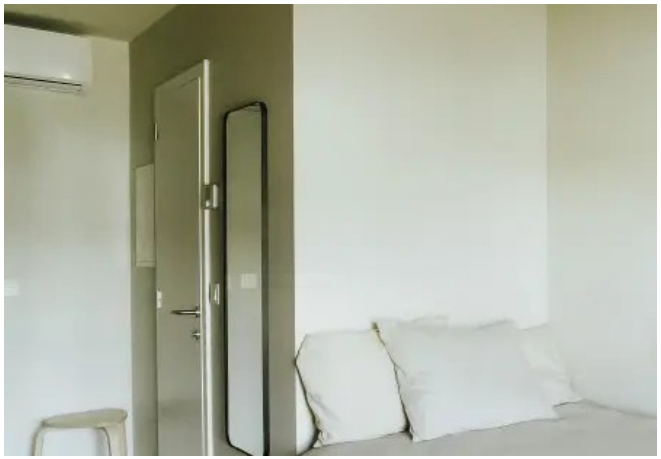

BRAGA, PORTUGAL **2024**

Study, development and supply of custom furniture for student rooms. The project brings together beds, offices, open storage, wardrobes and kitchenette modules, with particular attention to space optimization, functionality and resistance to daily use.

Project Perimeter

• Bedroom furniture • Desk and storage • Integrated kitchen • Custom compact solutions

Compact, functional and bright spaces

Night space and sitting space

Desk and wall storage

Vertical circulation and storage

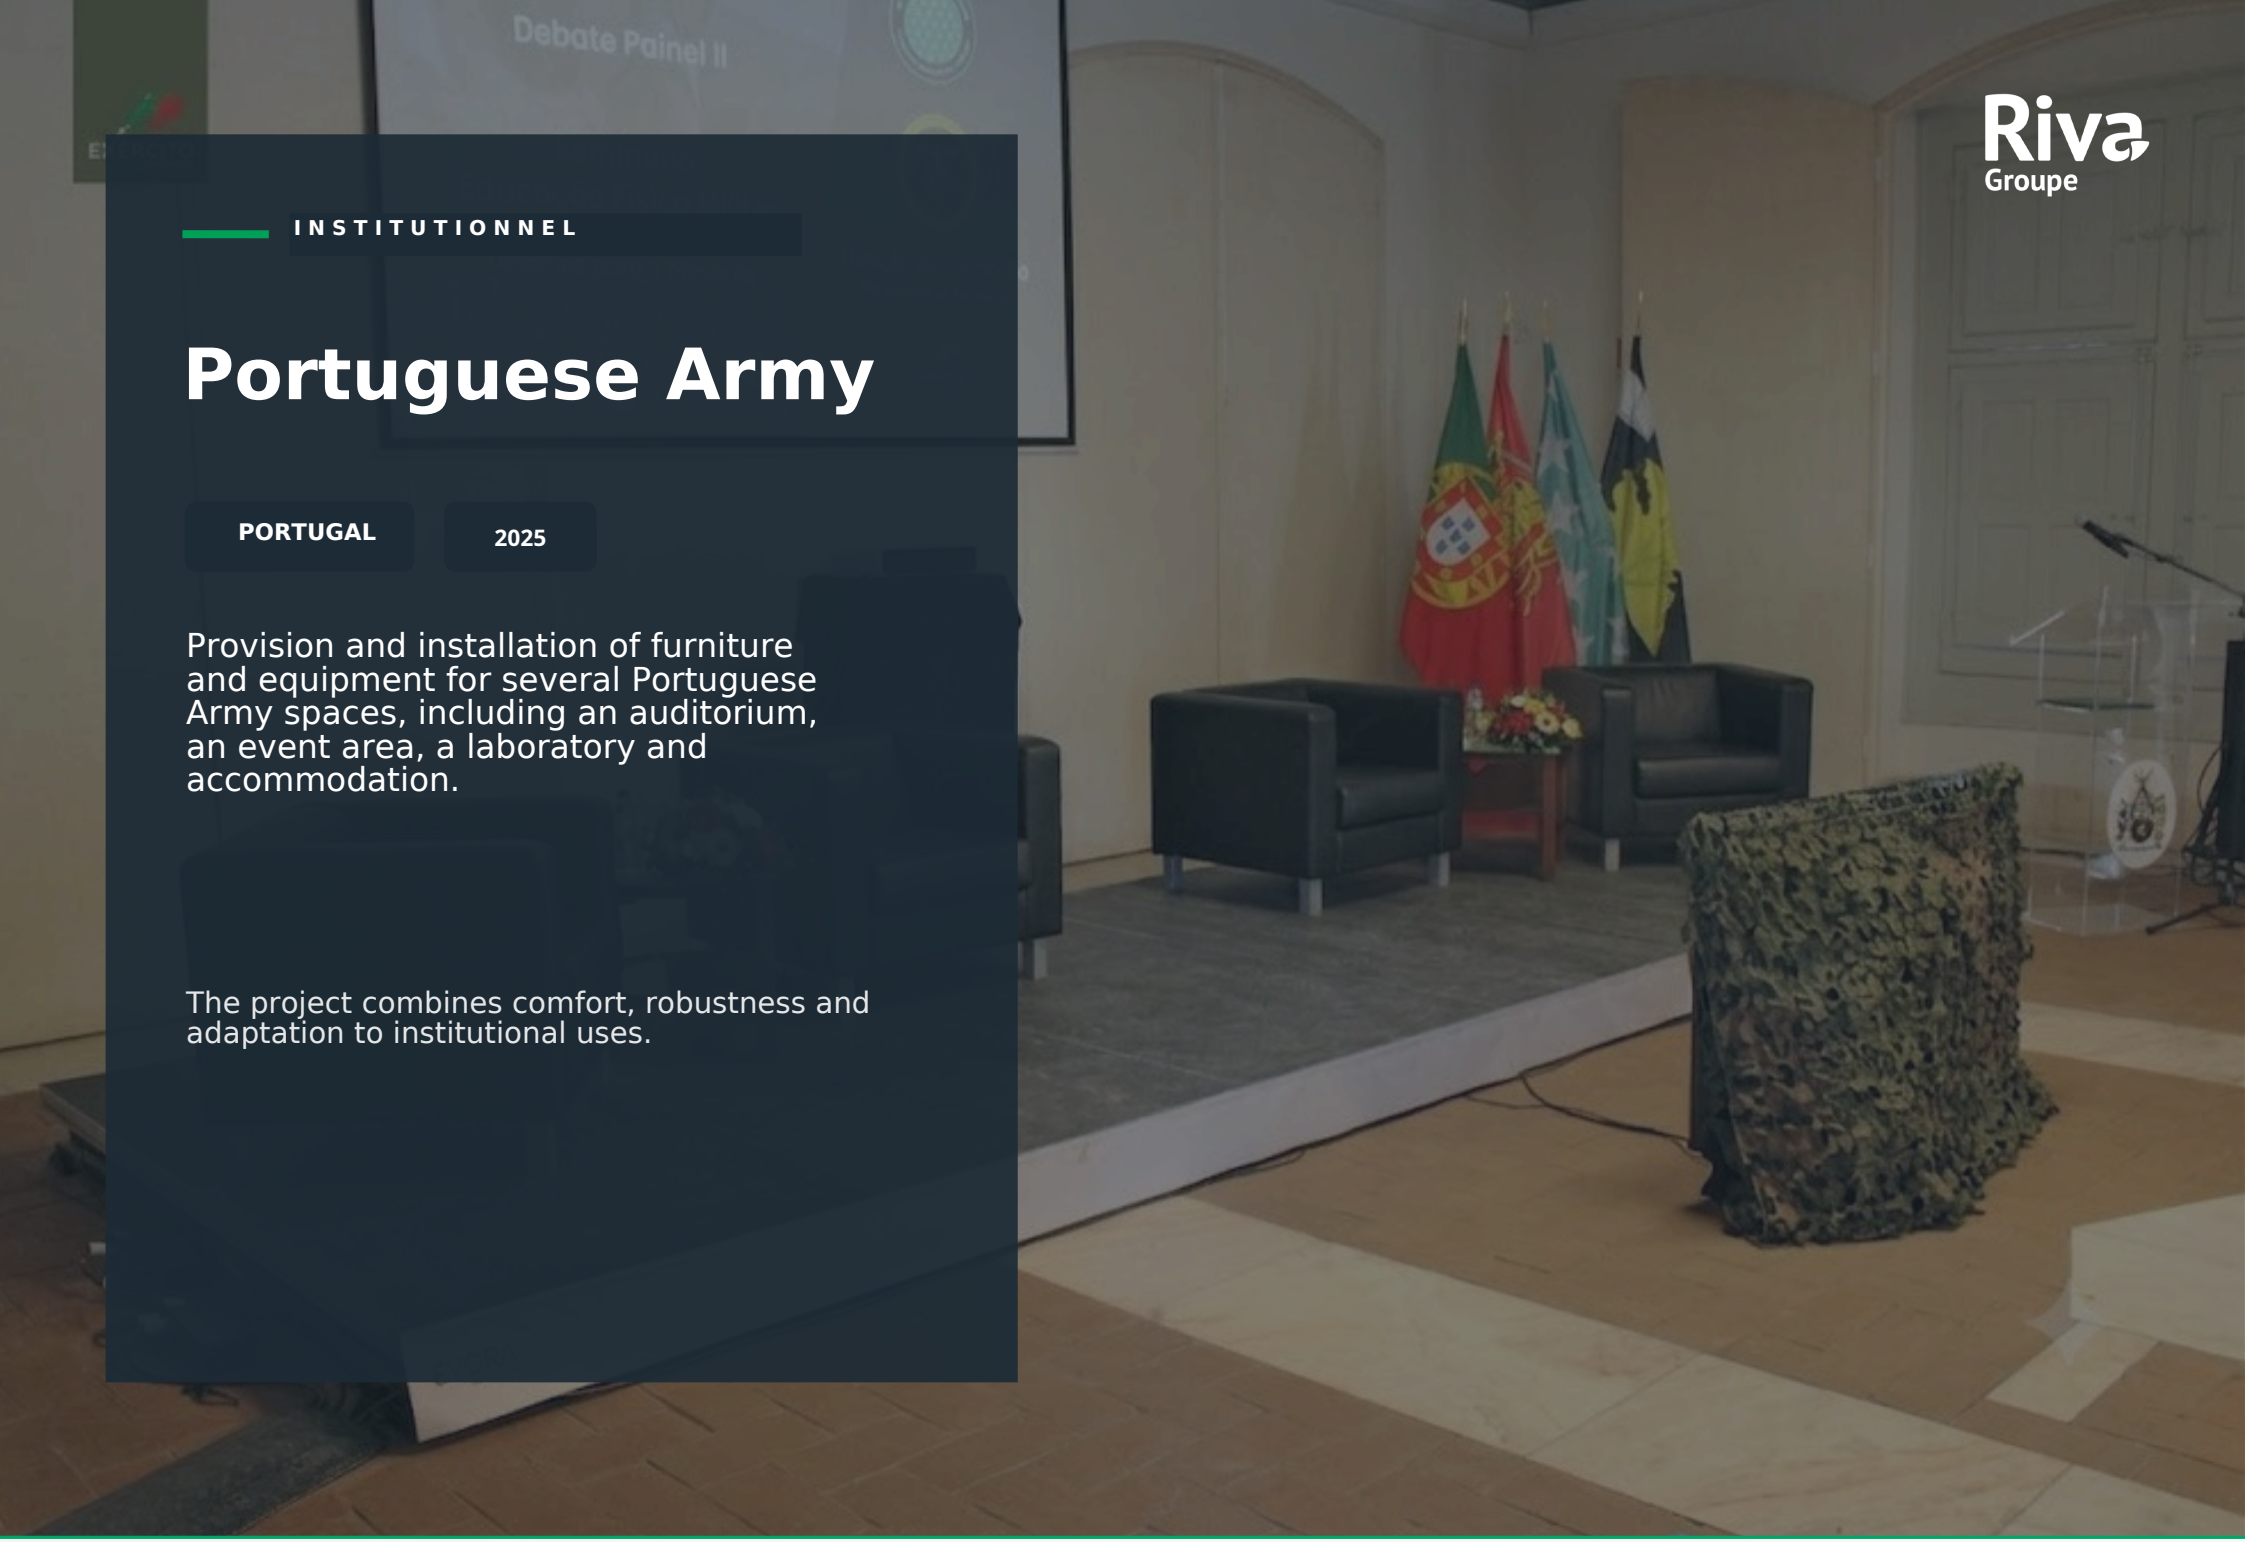

Open wardrobe and kitchenette

Compact Kitchenette

General view of the room

INSTITUTIONNEL

Portuguese Army

PORTUGAL **2025**

Provision and installation of furniture and equipment for several Portuguese Army spaces, including an auditorium, an event area, a laboratory and accommodation.

The project combines comfort, robustness and adaptation to institutional uses.

Solutions for multiple uses

Auditorium, event, laboratory and accommodation.

Stage furniture and desk

Conference Room

Laboratory

Furniture of collective rooms

Event configuration

BNP Paribas - Caen

Development of work and convivial spaces in France.

CAEN, FRANCE **2023**

Supply and installation of furniture for BNP Paribas offices in Caen. The intervention includes workstations, meeting tables, operating seats, archiving cabinets, acoustic separators and collaborative spaces.

The project also includes a terrace with high tables and seating, thought as a space for break and exchange.

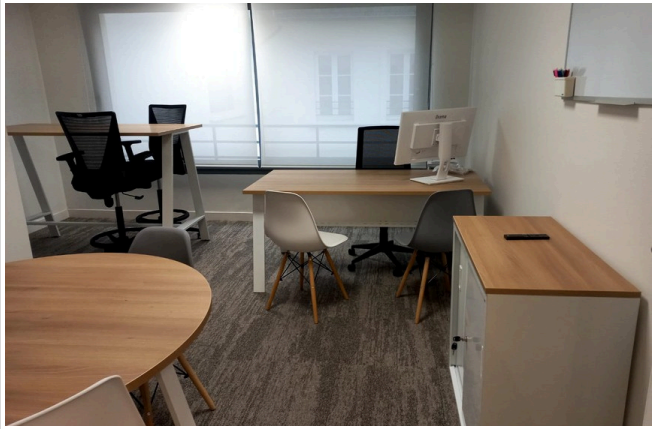

Offices, meetings and outdoor spaces

Informal meeting space

Terrace and high furniture

Multipurpose Office

Work stations and acoustic separation

Tables and storage

View of the terrace

Offices - Foz do Douro, Porto

Development of a high-end workspace in Porto.

PORTO, PORTUGAL - 2022

A sober, functional and bright working environment

Project for a high-end office located in Foz do Douro, at the mouth of the Douro. The layout includes workstations, executive office, meeting space and storage solutions, with an installation designed to enhance natural light, city views and traffic flow.

- **POSTS**
  Individual and Shared Configurations
- **DIRECTORATE OFFICE**
  L-placing and storage
- **MEETIN G**
  Round table for small group discussions
- **ERGONOM Y**
  Seats suitable for professional use

Tourist accommodation - Belgium - 2024

SIDENTIEL

Tourist accommodation

BELGIUM **2024**

Study, development and supply of custom furniture for tourist accommodation, including kitchens, bathrooms and integrated storage solutions.

The project is distinguished by its minimalist lines, clear pallet and precise use of volumes, including in roofed spaces.

A sober aesthetic and integrated storage

Stone bathroom

Linear kitchen

Detail bathroom and carpentry

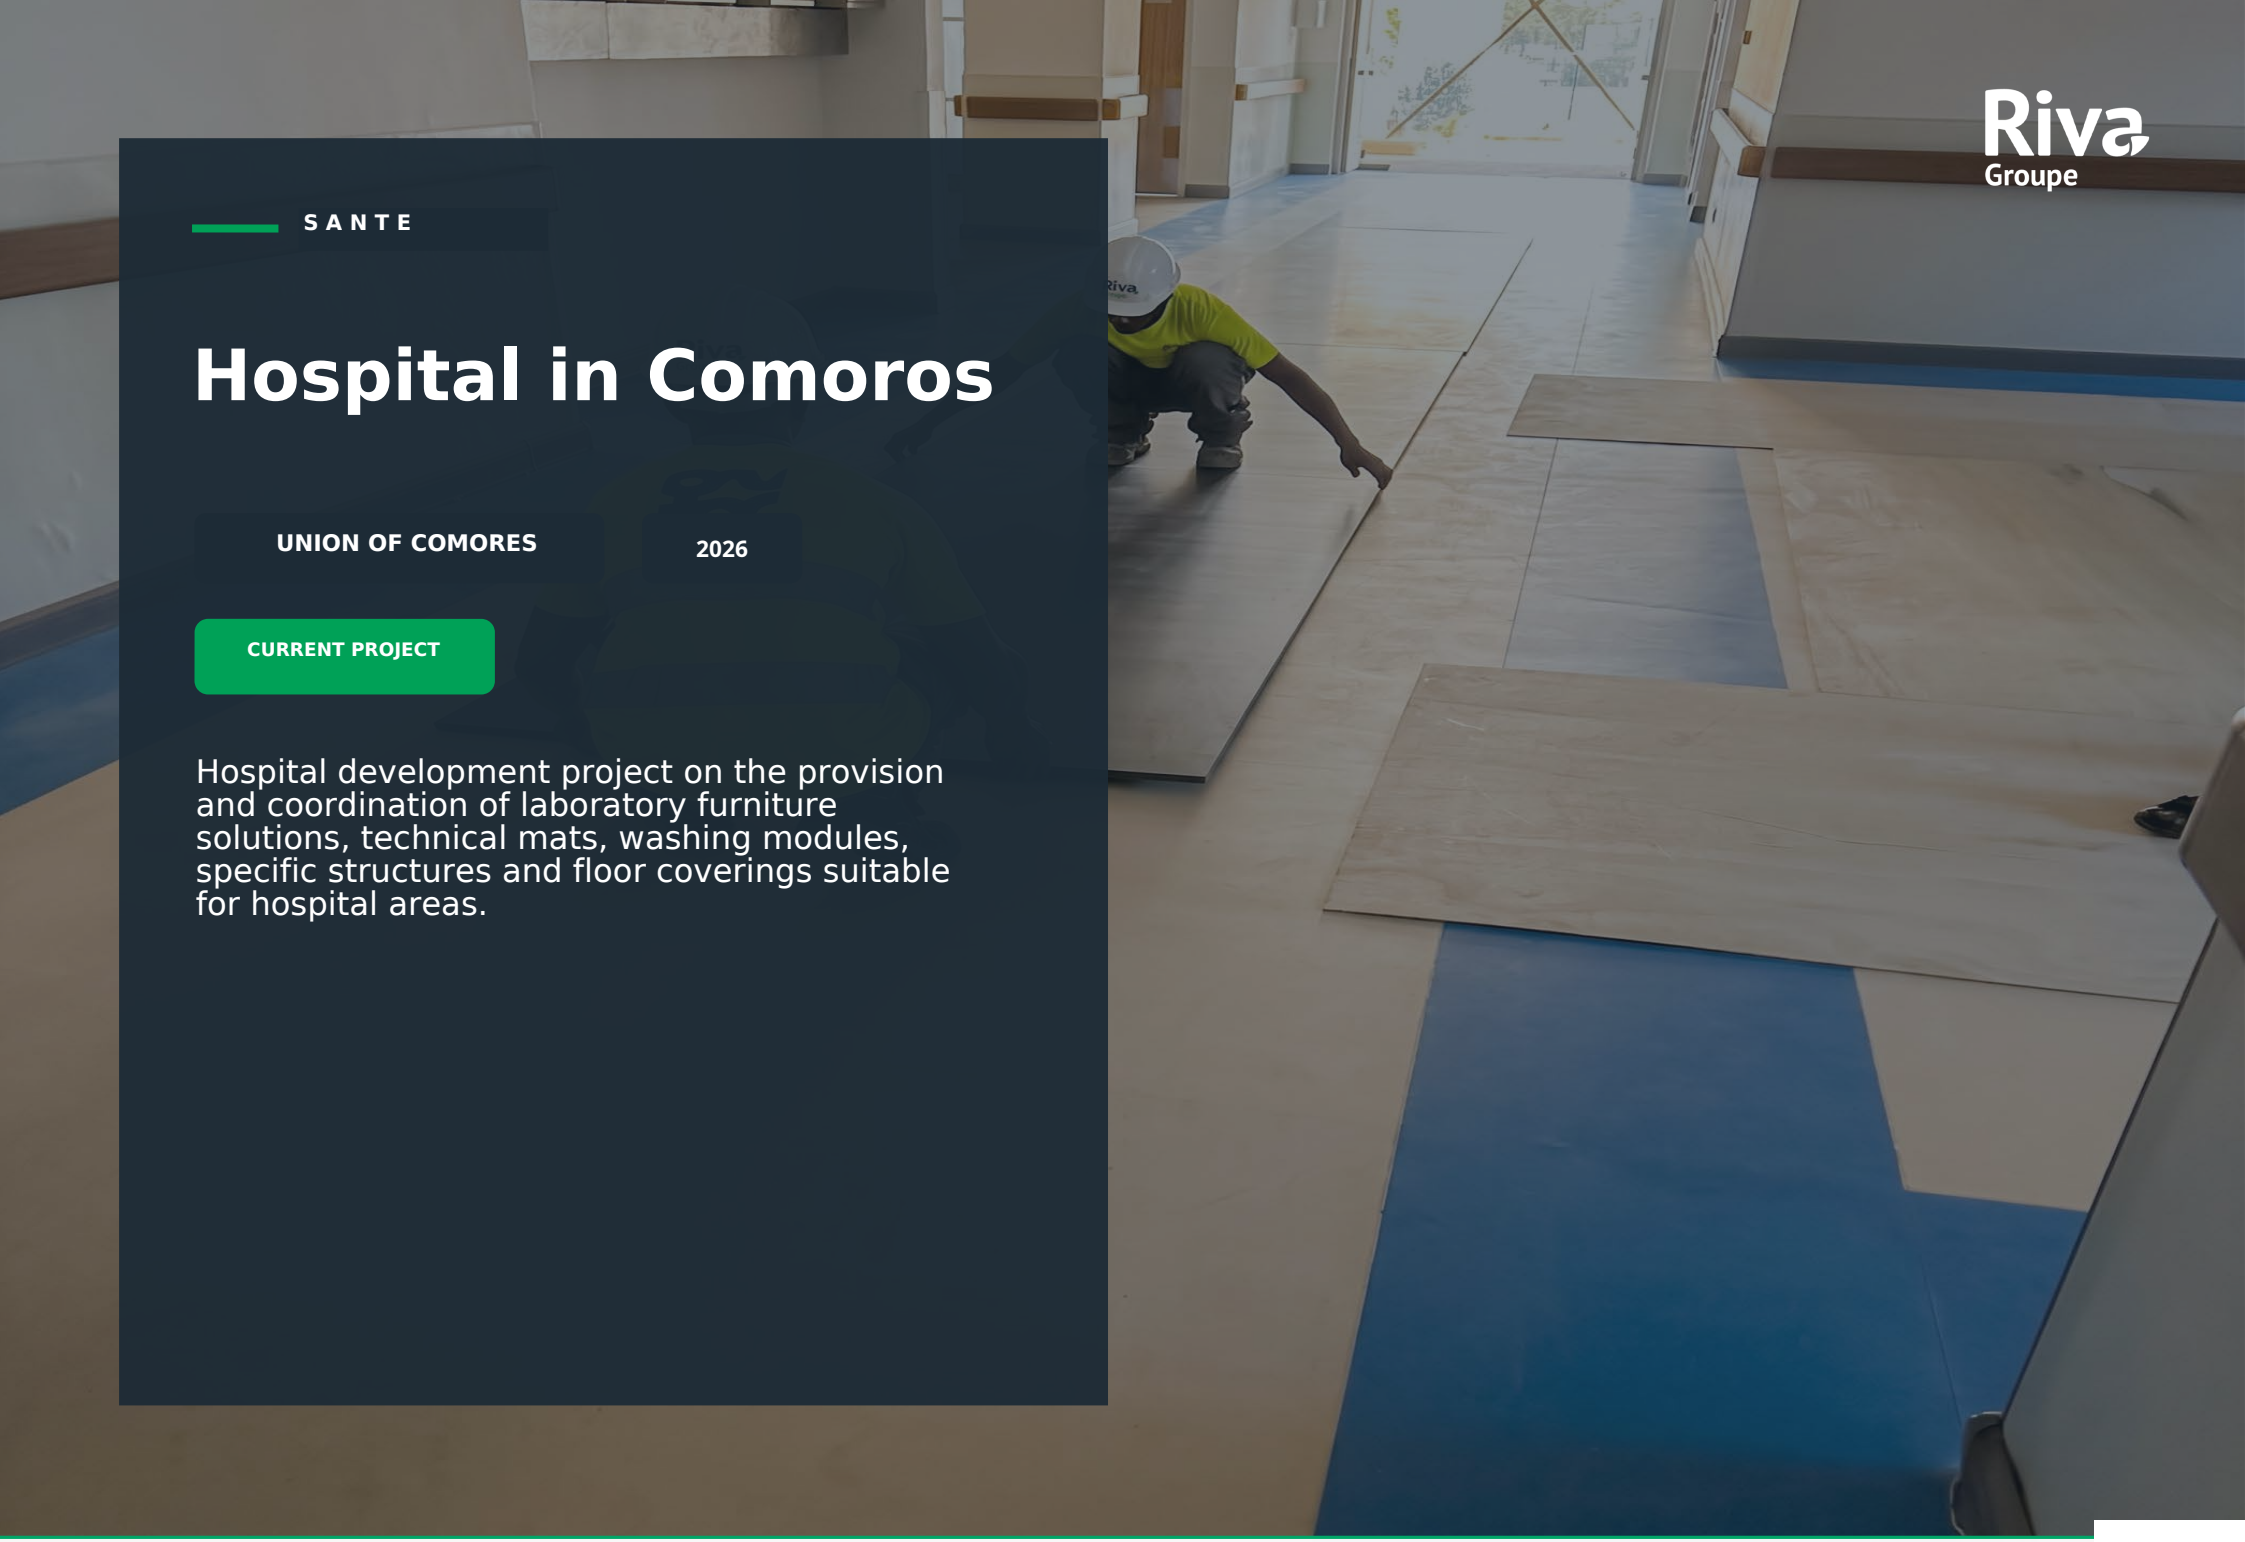

Kitchen with integrated lighting

Kitchen under roof

Crossing view of the kitchen

SANTE

Hospital in Comoros

UNION OF COMORES **2026**

CURRENT PROJECT

Hospital development project on the provision and coordination of laboratory furniture solutions, technical mats, washing modules, specific structures and floor coverings suitable for hospital areas.

Planned technical solutions

Laboratory furniture, mats, washing and special structures.

Laboratory Configuration

Paillas with capture

Wash module - broken view

Paillase with movable storage

Range of benches and technical structures

On-site implementation

Preparation and laying of hospital floor coverings.

Project status: work in progress. Technical visuals illustrate the intended solutions; the above photographs document the actual progress of the project.

Educational spaces - Spain

School furniture for flexible, collaborative and modular environments.

SPAIN

Spaces that adapt to new ways of learning

Solutions designed to transform the classroom into a living environment, easy to reconfigure and conducive to individual and collective work.

- **MODULAR TABLES Quick and scalable configurations**
- **MOBILE HEADINGS Mobility, comfort and participation**
- **CHANGES Integrated and accessible organization**
- **PRESENTATION Tables and teaching materials**
- **COLLABORATIVE AREAS Exchanges, creativity and teamwork**

Educational spaces - Mozambique

Library, study areas and consultation areas.

MOZAMBIC

Spaces designed to learn, read and collaborate

Development of a library and study areas integrating host bank, shelving, reading tables and individual and collective workspaces. A project designed to promote the circulation, the organisation of resources and the comfort of users.

HOME

Host bank and user guidance

READING & STUDY

Tables for individual and collective work

RAYONNAGES

Clear and accessible organization of collections

COMFORT

Seats suitable for reading times

COLLABORATIVE AREAS

Opportunities for exchanges and group work

Health and diagnosis

Other institutional and scientific references.

Germano de Sousa Laboratory Medicine Centre - 2023

Braga Hospital

Research and higher education

IRL - International Iberian Nanotechnology Laboratory - 2024

Qatar University - 2024

International technology and services

Instituto Superior Técnico - Campus de Taguspark - 2026 in progress

SGS - Société Générale de Surveillance - 2025

REFERENCEUNIVERSITAIRE

University of Minho

Campus Gualtar - Braga, Portugal - 2023

SOLUTIONS DESIGNED TO LAST

From accommodation to hospital environments, each project is developed according to the uses, technical constraints and identity of the place.

Portfolio of achievements 2023 - 2026

Construction site life base - Côte Alentejane

Modular offices, dining rooms and dormitories

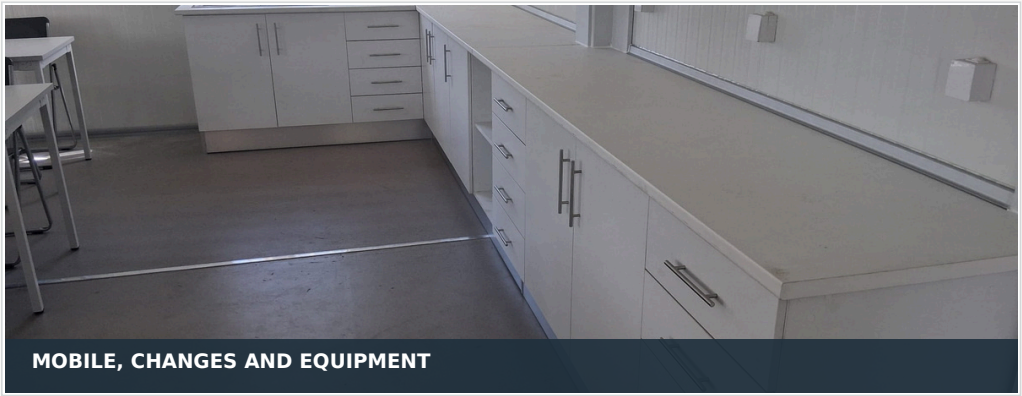

ALENTJANE COAST - 2026

Functional, comfortable and quickly deployable spaces

Modular solutions for construction teams: work areas, catering, rest and storage.

REFERENCE AND POLYVALENT AREA

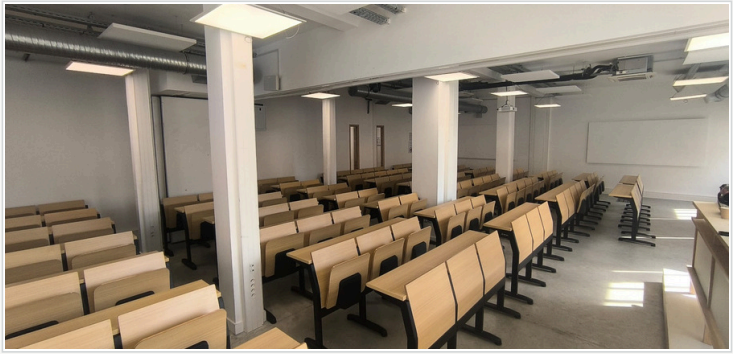

MOBILE, CHANGES AND EQUIPMENT

University of Paris - 2026

Training benches for amphitheater and teaching spaces.

PARIS - FRANCE

Comfort, visibility and robustness for training spaces

Installation of fixed benches with integrated seats and tablets, designed to optimize capacity and circulation.

ERGONOMY
- Comfort adapted to training sessions

INTEGRATION
- Implementation consistent with architecture

SUSTAINABILITY
- Resistant structure for intensive use
